## Valued Customers and Friends,

Enerquip continually looks for ways to enhance our products and services, along with our business relationships with our clients. We will be conducting a brief survey in the next few days, so we may continue to improve our shell and tube heat exchanger offerings to you and grow our relationship with you. We are working with an independent outside research firm, Peer Performance Solutions, to administer the survey. We would greatly appreciate your participation. Your feedback will help guide future enhancements to our products and services.

Please watch for the survey, and you may need to check your Spam folder in case it is routed incorrectly. Everyone who completes the survey will be entered into a drawing to win one of five, \$50 Amazon gift cards!

If you have any questions, please feel free to contact me.

Kind regards,

*Jeannie Deml*
